

# TAILORED CARTON INDUSTRY E-LEARNING

BPIF CARTONS HAS LAUNCHED A COMPLIMENTARY ONLINE TRAINING PORTAL SPECIFICALLY DEVELOPED FOR ALL ITS MEMBERS.

The portal covers all key carton production stages: pre-press | print | cut & crease | gluing etc – as well as modules on board manufacture and the carton industry.

The training platform also provides detailed training on all key Health & Safety\* aspects – an important refresher for all employees no matter how advanced in their careers. All the modules are supported by completed training certificates and the ability to record the details of all employees who have successfully completed each section.

## Benefits:

- Developed by leading suppliers to our industry
- All relevant modules in one place – and more to come
- Easy to use and administer to ensure maximum coverage
- Significant savings in time and money – free to all members & partners
- Improved understanding of cartonboard – and its unmatched environmental benefits
- Especially relevant to production | sales | commercial | senior team roles

## ◆ How to gain access and use it:

- ◆ To register go to: [www.bpifcartons.org.uk](http://www.bpifcartons.org.uk)
- ◆ Select E-Learning from top menu or via the 'Training & Development' tab
- ◆ Click on 'Register' under do not have an account
- ◆ Select your company and complete all details
- ◆ Add your manager's name and email address (this ensures each manager receives confirmation that an individual has successfully taken the required modules)
- ◆ Want to add specific modules relevant only to your company? Contact: Ollie Dards at Weblator on [ollie.dards@weblator.com](mailto:ollie.dards@weblator.com)
