

# Press Release

## **INTEGRA OFFICE SOLUTIONS CELEBRATES 15 YEARS OF BUSINESS**

Integra Office Solutions this year celebrates 15 years of business. The group was formed back in 1997 through the merger of Instat, the first dealer group of its kind, and the NDA. Integra soon became the leading dealer group in the UK and still is today with a membership of 280 and combined member revenues in excess of £600 million.

Integra will be celebrating this fantastic achievement with events and initiatives throughout 2012. Members can also look forward to additional opportunities in 2012 to increase their rebates and win prizes together with benefit from exclusive supplier incentives.

Integra's managing director, Aidan McDonough, formerly the marketing director of NDA, comments "We will be celebrating in style this year and taking a look back over the last 15 years. There have been some monumental changes within the group and the industry over the years so it will be interesting to step back in time.

We look forward to using this celebration to reward and thank our members, staff and suppliers for their support over the years"

More information about Integra's plans to celebrate their 15 years in business will be highlighted throughout the forthcoming months culminating in a focus on 15 years at the Integra National Conference to be held at the Cotswold Waterpark hotel on 22<sup>nd</sup> November 2012. An event not to be missed!
